

THE SAFETY TRIBE

A COMMUNITY OF SAFETY LEADERS

Confused About OSHA Recordkeeping & Reporting Requirements?

Mishandling complex injuries and situations (that may not even seem to fall under the OSHA regulations) can cost your company \$1,000s in fines.

Join me November 6 to update your OSHA Recordkeeping & Reporting knowledge and boost your confidence in handling tough workplace safety issues

Complex workplace safety incidents happen every day. These situations are going to require you to make a judgement call based on knowledge and experience. And as OSHA increases recordkeeping & reporting fines and posts injury rates online for the world to see, the stakes have never been higher.

My Advanced OSHA Recordkeeping & Reporting course will teach you how to confidently tackle those tough, complicated cases. **Join me November 6, 2019, at Russellville City Hall** to get in-depth, up-to-date safety training that will boost your confidence in handling tough workplace safety topics and ultimately save your company from facing the financial and public image costs of OSHA penalties.

-  **Learn how to effectively document non-recordability.**
-  **Know when and how to record and/or report a suspected fraudulent injury.**
-  **Avoid OSHA Recordkeeping & Reporting errors & citations.**
-  **Understand the relationship between OSHA Recordkeeping and Workers Compensation (PLUS how you can use this to your advantage).**
-  **Gain hours for CSP, ASP, CHST re-certification.**

Did you know: OSHA issued over \$55,000 in fines against Arkansas companies in the first 8 months of 2019.
